LOCAL CHAMBERS

The West & North Yorkshire Chamber is proud to be at the heart of Leeds, Bradford, York and North Yorkshire, with Chambers in each location.

The Chamber lobbies on issues that affect businesses, liaises with councils and works with agencies in your local area.

REGIONAL VOICE

Collectively we are stronger, and the West & North Yorkshire Chamber is the largest Chamber influencing policy makers in the region. We have meetings, are on committees and campaign on issues including transport, development, economy, skills and infrastructure.

NATIONAL NETWORK

Our surveys and input feed into a national business overview to inform Government policy and economic strategy.

MEDIA

As a trusted voice for business, we speak to the media directly, and arrange for Executive Members to be first in line for interviews by broadcast media.

POLICY GROUPS

We organise meetings which allow members to come into contact with key policy makers.

PARTNERSHIPS

We work closely with Local Enterprise Partnerships and local authorities to deliver business support and promote business in the region.

ECONOMY

Create greater links within the region's senior business community and influence policy discussions.

There probably isn't any part of the economy relating to business that we are not involved with at some level, which means you will have the opportunity to contribute to building a business friendly economic landscape.

GOVERNMENT

The Chamber is often asked to meet Government Ministers, senior civil servants and other decision-makers, Executive Members will receive invitations to take part in such meetings.

A number of Executive Members have previously met with the Prime Minister, Chancellor of the Exchequer, Secretaries of State for Business and Transport, Ministers within the Home Office, the Treasury, the Department for Exiting the EU and BEIS.
